12ft. x 24ft. Trellis

Instantly accent your living space!

The trellis, also known as a pergola, is a great way to add charming design to your living space. It is often used to enhance the exterior of outdoor structures or as decoration for the garden.

We have many options to satisfy your design needs.

Design Features:

- Great for adding shade and style to your outdoor space
- Constructed from quality western red cedar
- 2" x 6" rafters, optionally overlaid with 2" x 2" slats
- 2" x 8" beams support the rafters
- 4" x 4" support posts, upgradable to 6" x 6" or 10" round fiberglass pillars

Our trellis kits come pre-cut or installed!

Our structures are built to meet or exceed rigorous building codes and include a warranty of two years for defects in material and workmanship.

What Trellis options are available?

Free-standing Trellis

\$22 /sq.ft. (pre-cut)
\$33 /sq.ft. (installed)

Our free-standing trellis comes with four 4" x 4" cedar posts.

Our trellis extension comes with two 4" x 4" cedar posts.

Larger trellises require additional posts for structural stability. Generally, trellises under 150 square feet won't require this.

Trellis Extension

\$16 /sq.ft. (pre-cut)
\$25 /sq.ft. (installed)

Post options

Post Brackets

All of our trellises come with metal post brackets to secure the trellis to the ground.

Post Wraps

All of our trellises come with upper and lower post wraps to conceal the post brackets and add decorative appeal.
